

NOTICE TO THE PUBLIC: 2021 MAY 08

WARNING RE UNSALEABLE FOOD ITEMS

The Trinidad and Tobago Solid Waste Management Company Limited (SWMCOL) advises the public to exercise vigilance when buying food items.

SWMCOL is aware of a video circulating on social media where a man is heard cautioning persons to exercise greater discretion when purchasing food items. While the footage appears to be recorded at, and the narrator says the location is the Beetham Landfill, the video is still to be authenticated.

While investigations continue into this matter, due to the uncertainty of when the video was taken, we urge the public to exercise sound judgement when making purchases.

Manufacturers are reminded that unsaleable food items must be pre-treated and disposed of correctly to preserve the well-being of consumers. For additional guidance on Proper Waste Management Practices, please contact SWMCOL at 625-6678.
